The junior talent will support:

- Product Development and Product Cost Controlling
- Financial analysis and reporting
- Development of controlling processes for projects
- Update and analysis of project business plans and risk analyses
- Ad-hoc analyses and execution of variance analyses and comments
- Scenario calculations within existing and future projects
- Analysis and commenting of monthly results

Requirements:

- Student in Finance or related field

- Quantitative and communication skills
- Microsoft Office Skills
- Good English and German skills

Why us?

- We work on sustainable mobility
- Combining expertise with passion you can quickly grow with us both in terms of skills and responsibilities
- For us Teamworking comes before hierarchy and approval process
- Flexible working schedule

We consider diversity as a crucial ingredient for our growth. As an equal opportunity employer, we base our talent acquisition decisions on skills and experience. What we value is energy, courage, and reliability. We look forward to receiving your application and learn something more about your story.

Join now the e-revolution in passenger and cargo transportation! 2022 is the year to #GROWWITHUS!

Send us a detailed application including a curriculum vitae and motivation letter to hr@quantron.net.
